

## Hussein A. Warda, M.D.

**Philosophy of Care** I believe in patient-centered care where the physician and patient work together to accomplish a desired goal.

**Clinical Interests** Dr. Warda is fellowship trained in Female Pelvic Medicine and Reconstructive Surgery. He offers care for patients with pelvic disorders such as pelvic organ prolapse, urinary incontinence and defecatory dysfunction.

He has a special interest in minimally invasive surgery, **robotic surgery**, mid-urethral slings, Botox injection in the bladder and InterStim therapy. He is active in resident and medical student teaching and research.

**Research/Academic Interests** Dr Warda's research focuses on improving patient experience with clinical care.
